SUBMISSION FOR: Director of Administration, DPS/DCI

SUBJECT : ComAir Transportation in XI for R-W Employees

25X1A

1. You will recall I mentioned a phone conversation I had on 10 October with [REDACTED] of R-W. The last two of his employees to return to the Coast had been sent back tourist alone ComAir and he apparently was being subjected to considerable complaint on this score. Paul's major point was that switching to tourist class at this late stage of the game violated the long precedent which has existed since R-W came into the Project of all intra-XI travel being performed first class. Up until the time of the last two travelers, R-W had always purchased its own tickets for such travel, which were of course invariably first class, plus G and A, plus profit. In the case of the last two employees, he was sorry [REDACTED] bought their tickets and following the example of LAC, performed tourist class.

25X1A

2. Paul proposes that the intra-XI travel of the remainder of his personnel traveling for the Project be first class and that we purchase all such tickets in order to avoid the various company expenses. I have asked two other people in the Project for opinions on this. [REDACTED] confirmed that R-W travel has, without exceptions, always been first class and agreed that this was standard practice throughout the industry. He also said that he would not expect to receive any outcry from LAC for "equal rights" since in fact R-W has been traveling first class all along without such complaints being raised by LAC. What we are talking about in terms of actual trips is one cross-country conference by [REDACTED] who will be going to B January-February; one such trip for a [REDACTED] who will be going to B in November and returning about January 1959; and [REDACTED] who will be returning 25X1A from B.

25X1A

3. I recommend that we approve [REDACTED] proposal; namely, that we purchase all intra-XI air tickets for R-W personnel and that they be first class.
